LED SERIES

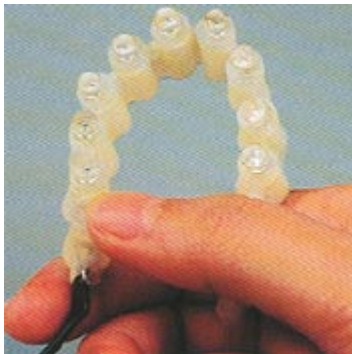

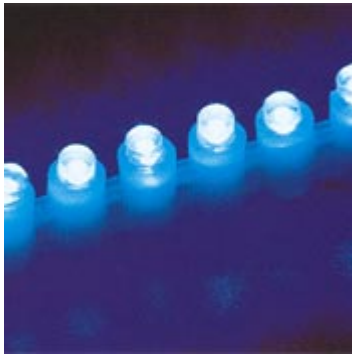

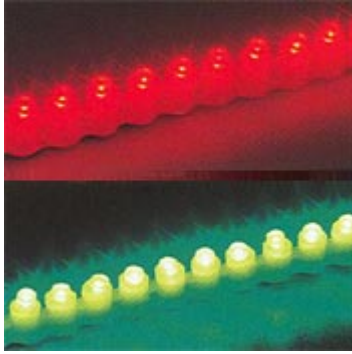

LISTOL LED Flexible Light

LISTOL is a unique product that allows you to use your imagination to light up objects, stage sets, provide ambience, signage, cove lighting, or highlight architectural features. The product is a 1 meter strip of single color high intensity LEDs mounted on a copper strip and housed in a silica gel that is entirely flexible. Each strip features 99 LEDs and runs off a 12V DC power supply so it is easy to install and safe to handle. LISTOL light can be used both indoors and outdoors and is IP44 rated. Up to three 1 meter strips can be run in parallel off one power feed and the number of strips that can be run depends on the power supply used. Available colors: white, red, green, blue and yellow. Minimum workable unit is 33 pieces of LEDs.

SPECIFICATIONS

Model	Number of LED	Voltage	Power	Size
