## SEARCH LIGHTS

---

### SKY ROSE MK2

#### Multibeam Outdoor Searchlight

The popular wide angle multi-beam high power sky projector, available in HMI 1200 or 2500 lamp versions. The latest development of this world renowned sky tracker includes the digital control over all functions: preset rotation speed, scanning amplitude and reflector scanning speed, together with strobe and blackout facilities, are now selectable via standard DMX 512 signal, with a maximum of 4 channels. As with many sky projectors, this unit is weatherproofed with IP 23. Power factor correction system available on the HMI 2500 version. Both models project 25 highly visible beams, creating an amazing effect of 28 degrees aperture angle.
